WORKTABLE WITH BACKSPLASH AND OPEN BASE

TITAN STAINLESS worktables are made using all-welded heavy gauge stainless steel construction. Assembly is not required; however, equipment can be disassembled for convenience. The backs of these tables are formed into a 5" tall x 2" thick backsplash with angled top; all other edges feature our standard nosing: 1-1/2" flange down with 1/2" return at 45°. Reinforcing channels are applied to the underside of the top and sealed with double-sided sound dampening tape. 1-5/8" diameter tubing is fitted into stainless steel leg sockets, which are welded to reinforcement below, preventing surface imperfections. Legs are removable, and furnished with adjustable stainless steel bullet feet. 1-5/8" diameter cross-rails are welded to the table legs. All welds are ground and polished to a smooth finish.

MODEL NUMBER SELECTION / INFORMATION

(Example #: 5SLCB-30)

Worktables are available in standard lengths from 2'-0" to 12'-0", in 1-foot increments. Standard widths (front-to-back) are available in 24", 30", and 36". Units over 6'-0" long will be furnished with an additional set of legs.
